Hajvair Nagar, Narowal

## PROFILE

I'm a Computer Science student with a passion for graphic design and creating visually engaging digital experiences. I love blending creativity with technology to bring ideas to life. While design is my main focus, I've also worked on projects like a CRUD login system and a Bank Management System in C++, which gave me hands-on programming experience. I'm skilled in C++ and Python, but lately, I've been diving into web development and system design to make user experiences more interactive and visually appealing.

## PROJECT EXPERIENCE

### Standeers, Banners and logos

- Designed standees, banners, and logos for various organizations, ensuring visually appealing and brand-consistent graphics.

### Bank Management System

- Designed a C++ console-based system for account management, real-time transactions, and admin functionalities using file handling.

### Hospital management System

- A console application in C++ to manage patient records, schedule appointments, and store predefined staff data.

## SKILLS

- Graphic Designing
- Color Grading
- Python, C++
- HTML, CSS, Javascript
- Wordpress
- Logical problem solving
- Critical Thinking

## EDUCATION

2018 - 2020

THE PAKISTAN FOUNDATION HIGH  
SCHOOL, NAROWAL

- Matric

2020 - 2022

ROYAL COLLEGE OF SCIENCES,  
NAROWAL

- FSC, Pre Medical

2023 - 2027

AL-SHIFA INSTITUTE OF HEALTH  
SCIENCES, NAROWAL

- Bachelor of Computer Science (CS)

## LANGUAGES

- English
- Urdu (basic)
- Punjabi (basic)
